All of Shaping Destiny's children are so incredibly precious!

## Thank you for making Shaping Destiny one big, happy family

In the above picture you can see two Cameroonian children, two Shaping Destiny children. These are two of the children you are helping. Their names are Precious and Eto'Fils. They're brothers, the only two children in the center that are siblings. But once the children are in the center they all become brothers and sisters. There are two workers that take care of them. But they're not just workers. They become mothers to these orphaned children.

Everyone needs a family. The children in the center are no different. They've all experienced tragedy in their lives. But thanks to you they have the chance to have a new family, a new start. Thank you so much for helping these two children, and all of the

children in the center. Thank you for helping to make their lives better.

As James 1:27 says, "religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world."

Thank you for following God's command by helping Shaping Destiny's children.

Shaping Destiny's children always remember to pray for you. Thank you for praying for them as well. We are sending this newsletter to you to help you pray for them more effectively, and as a way of saying thank you for all of your assistance.

**Shaping Destiny kids work on their farm**

God has blessed Shaping Destiny in 2008. We sent our first missionary to Cameroon. He spent four months there. We purchased the land where we will build the orphanage. We brought ten more children into the center. All of our children did well in school, and most of them passed to the next grade. And we planted several farms including a plantain farm. These farms are how the children get a lot of their food.

Will you help us continue to do God's work in Cameroon? There is so much that needs to be done. We

are looking for a missionary to go to Cameroon. This person will oversee the building of the new orphanage, and all of our projects in the country. Could that person be you?

We need increased financial assistance so we can help more children. And we need a lot of prayer support. You will find some of our prayer needs on this page, as well as things to praise God for.
